Dear Members,

PCP FOR JEWELLERY DESIGN AND MARKETING PROFESSIONAL

Professional Conversion Programmes (PCPs) are career conversion programmes for Professionals, Managers, Executives and Technicians (PMETs), including mid-career switchers, to undergo skills conversion and move into new occupations or sectors that have good prospects and opportunities for progression.

In collaboration with one of our member training institutions - Jewellery Design and Management International School (JDMIS), Workforce Singapore (WSG) has introduced the **PCP for Jewellery Design and Marketing Professional** for companies looking to hire jewellery designers, marketers or merchandisers. Through the programme, retailers will be able to receive **up to 90% of salary support** when you hire mid-career entrants for these roles while reskilling them with the relevant competencies.

Interested to apply? Drop an email to alex@jdmis.edu.sg to register your interest!
